

Tentative Program: Energy Utility Conference (5.11.14)

Tuesday, December 2nd			
Time			
08:00-09:00	Registration & Breakfast		
09:00-10:00	<p>Opening Session – Main Hall Moderator: Ms. Sabine Segal, Deputy Director General for International Business Affairs, The Israel Export and International Cooperation Institute</p> <p>Mr. Ofer Sachs, CEO, Israel Export & International Cooperation Institute</p> <p>Oded Distel, Director of the Investment Promotion Center of the Israeli Ministry of Economy, and head of the Israel NewTech Program</p> <p>Amos Lasker, Chairman of the Israeli Smart Energy Association</p>		
10:00-11:30	Hall A2 – Smart Energy	10:00-11:30	Hall A3 -Power of the Future
	<p>Session 1: Smart Grids Moderator: Mr. Elad Shaviv, CEO, Israeli Smart Energy Association</p> <p>Global Review of Smart Grid projects and trends Paddy Turnbull Chairman of the Global Smart Grid Federation Country Director Ireland, GE Digital Energy Europe</p> <p>French Smart Grid Case Study Laurent Schmitt VP Smart Grid at Alstom President of SmartGrid France</p> <p>The Importance of Microgrids Dr. Jeffrey Katz Chief Technology Officer, Energy and Utilities industry IBM</p>	<p>10:00-10:30</p>	<p>Session 1: Alternative Energy Moderator: Dr. Igor Derzy, Director R&D Division, Chief Scientist Office, Ministry of National Infrastructures, Energy and Water Resources Israel</p> <p>Hybridizations of Geothermal and CSP Plants TBD</p>
		10:30-10:45	Mr. Modi Reshef , Experience Maintenance & Operation, IEC - Israel Electric Corporation Metahanol
		10:45-11:00	Torrefied-Biomass for the 600MW Boardman Boiler Prof. Ezra Bar-Ziv , EB Clean Energy
		11:00-11:15	Nuclear power as a possible alternative for Israel beyond 2030 Dr. Ilan Yaar , Manager of Material Science Research, Chief Scientist Office, Ministry of National Infrastructures, Energy and Water Resources
		11:15-11:30	Innovation in Wind Turbine Design Mr. Benjamin Bar Ness , Business Development Manager, Winflex
11:30-12:00	Coffee Break	11:30-12:00	Coffee Break

12:00-13:00	<p>Smart Grid Directions in Israel Amos Lasker, Chairman, ISEA Yasha Hain, Deputy CEO, Israel Electric Corporation</p> <p>Successful case studies for grid scale energy storage and future developments</p> <p>Mark Moreton EMEA sales Director, NEC Energy Solutions</p>	12:00-13:00	<p>Power of the Future Opening: Dr. Rona Sarfaty Manager of Research & Development Programs, Chief Scientist Office, Ministry of National Infrastructures, Energy & Water Resources</p> <p>Panel Discussion: The Ashalim Solar Power Station: Participants: Israel Kroizer, Executive Vice President, Engineering and Operations, BrightSource Energy Didi Paz, CEO, Negev Energy – Ashalim Thermo-Solar Power Plant Roy Werzberger, COO at Clal Sun (Ashalim Sun PV's parent company)</p>
13:00-14:00	Lunch	13:00-14:00	Lunch
14:00-15:00	<p>UK Review and Call for Cooperation Mr. Mark Thompson, Energy Innovation Centre UK</p> <p>Norway Review and Opportunities Prof. Kjell Sand, Norwegian Smartgrid Centre</p>	14:00-15:00	Networking: Pre-scheduled B2B
15:00 – 16:00	Israel Smart Energy Innovation & International Cooperation Roundtable		

Wednesday , December 3rd	
Time	
08:00-09:00	Light Breakfast
09:00-10:30	Hall A2-Grid Applications and Energy Storage
09:00 – 09:30	Session 1: The Role of Innovation in the Energy Utility Domain Dr. Ronan Stephan, Chief Innovation Officer, Alstom
09:30 – 10:15	Speed Lectures: Israeli Innovation Solutions for the Electric Utilities
10:15 – 11:00	Panel Discussion: Moderator: Mr. Ronan Stephan, Chief Innovation Officer, Alstom Mr. Shlomo Wald, Ph.D, Chief Scientist, The Ministry of National Infrastructures, Energy and Water Resources Arie Levinson, Chief Technology Officer of KARAT, the Israel Electrical Corporation (IEC) Technology Incubator
11:00-11:30	Coffee Break
11:30-12:00	Cyber Security - Management The Life Cycle of The Security Electricity Grid
12:00 – 13:00	The Road to Clean Power
	Environmental Sustainability Policy Dr. Michal Perle, Environmental Policy Manager Planning, Development & Technology Div. ISRAEL ELECTRIC
	The Road to Clean Power in the U.S. - Management of Lifecycle Emissions Dr. Miriam Lev-On, Executive Director & Co-Founder, LEVON Group, LLC
13:00 – 14:00	Closing Session: Energy, The future And Us :Mr.Yanki Margalit, Social Entrepreneur, Chairman Spacell
14:00-15:00	LUNCH
15:00-17:00	ROUND TABLE Smart Grid Projects & Case Studies Networking: pre-scheduled B2B
